Ms. Vircks -

Thank you. I received your letter and attachments and have ensured that Butch Parks and Jim Arnold received copies as well. We appreciate your concerns and ensure you that we will not take an application to the Board of Land Commissioners for consideration until after completing adequate due diligence on a number of issues, including the financial wherewithal of the applicant(s). Mr. Parks or Mr. Arnold are your best sources of information on where we are in processing any given application and can keep you apprised of when wind leases are scheduled to go to the Board for consideration.

Best regards,
Lynne
